**RENEWED PETITION FOR REVIVAL OF APPLICATION FOR**  
**APPLICATION ABANDONED UNAVOIDABLY**  
**PURSUANT TO 37 CFR § 1.137(a)**

Mail Stop Petition  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir/Madam:

This renewed petition is in response to the Decision of October 6, 2006 on Applicants' original Petition filed June 29, 2006. A one month extension of time pursuant to 37 CFR § 1.136(a) has been filed herewith. Applicants in the above-captioned patent application hereby renew their petition to the Honorable Commissioner of Patents and Trademarks to revive the above-identified application under 37 CFR § 1.137(a), and state:

**Statement of the Facts**

1. This application was filed on June 28, 2001.
2. On August 2, 2005, a Restriction Requirement was mailed to Attorney.
3. On September 2, 2005, Attorney for Applicant mailed an election selecting Group I, claims 1-39 and canceling claims 40-61.
4. On June 6, 2006, Attorney received a phone call from the Examiner informing Attorney that application was abandoned for failing to respond to a Notice of Non-Compliant Amendment (hereinafter referred to as "Notice"). Attorney for Applicants asserts that no such Notice of Non-Complaint Amendment was received in the mail at Attorney's address.
5. Also on June 6, 2006, Attorney checked PAIR and found that there was an entry for the Notice of Non-Complaint Amendment consisting of two pages. The first page is attached hereto as Exhibit A. The second page is attached hereto as Exhibit B.
6. Exhibit A and Exhibit B at first glance appear to be identical to one another and purport to be the Notice of Non-Compliant Amendment referenced by the

Examiner during his call of June 6, 2006. However, Exhibit A and Exhibit B are not in fact identical because each identifies a different Art Unit, despite being from the same Examiner.

7. Attorney also found in PAIR that there was no transmittal/cover sheet accompanying either version of the Notice of Non-Complaint Amendment which would indicate both a mailing date and address.
8. Also, because neither version of the Notice of Non-Complaint Amendment includes a cover page, there is no date upon which to docket these Notices.
9. Also on June 6, 2006, the Examiner faxed one version of the Notice of Non-Complaint Amendment. The Examiner faxed the version of the Notice attached hereto as Exhibit A.
10. The Examiner's facsimile did not include the other version of the Notice attached hereto as Exhibit B.
11. Also, the Examiner's facsimile did not include a transmittal/cover sheet which would have evidenced the date of mailing as well as whether it was mailed to the correct address.

Requested Action

Based on the foregoing facts, including those facts set forth in the incorporated Declaration of Lynda Davis attached hereto as Exhibit C, Applicants respectfully petition the United States Patent and Trademark Office to take the following action.

12. Attorney respectfully petitions that this case be revived because the file history inexplicably includes different versions of the Notice of Non-Complaint Amendment, both of which are void of sufficient evidence that would indicate that the Notice ever included a transmittal/cover sheet which would have indicated when the Notice was mailed and whether the Notice was actually mailed to Attorney.
13. Attorney also respectfully requests that the USPTO provide a copy of the cover sheet that was to have accompanied either version of the Notice, or in the alternative, provide any other documentation evidencing that either version of the Notice was addressed to the Attorney and mailed on a particular date. Attorney for Applicants respectfully asserts that there is no such cover sheet or other documentation in PAIR.
14. Attorney for Applicants notes that in the Decision the USPTO apparently believes that in Applicants' original Petition the Attorney asserted that the USPTO incorrectly changed Applicants' address and therefore sent the Notice of

Non-Complaint Amendment to the wrong address. However, the point of what Attorney had asserted in the original petition, and again here in the present petition, was that the Notice went to no address at all rather than that the Notice went to the wrong address. Attorney asserts that if the Notice included either the address associated with its customer number or the address listed on the papers filed September 11, 2001 and September 6, 2005, that the Notice addressed as such should have been received by the Attorney.

15. In the event that the Notice did in fact include either the address associated with its customer number or the address listed on the papers filed September 11, 2001 and September 6, 2005, Attorney therefore also assumes, as does the USPTO, that the Notice was mailed to the incorrect address. Attorney notes that the Decision in response to the original Petition indicates on the bottom of the front page that the USPTO assumes that the Notice was mailed to the incorrect address.
16. Therefore, Attorney requests that the USPTO find that there is no document evidencing the actual mailing date and address of the Notice or, in the alternative, that the Notice was mailed to an incorrect address.
17. Attorney also respectfully requests that the USPTO find that the Applicants have successfully met the four requirements for establishing non-receipt of the Notice as outlined on the second page of the Decision in view of the present Renewed Petition and the attached Declaration of Lynda Davis (Exhibit C) and Attorney's docket record attached hereto as Exhibit D.
18. In particular, Attorney requests that the USPTO find that the declaration of Exhibit C successfully establishes that a search of the file jacket has been made, that a search of all the relevant docket records has been made, and in view of the docket attached hereto as Exhibit D that the Notice, if had been received by the Attorney, was not incorrectly docketed.
19. The abandonment of the present application unfortunately occurred despite Attorney's best efforts. Further, in view of the above-identified facts, Attorney for Applicants asserts that the failure to respond to the Notice was unforeseen. Applicants respectfully submit that the abandonment of this application was unavoidable insofar as any reasonable and timely act by the Applicants could have avoided the abandonment.
20. The entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR § 1.137(a) was unavoidable.
21. A response to the Notice of Non-Compliant Amendment was previously included with Applicant's original Petition. In this response, Attorney corrected

the status identifier of the one claim to indicate the status as "Original" rather than "Amended".

No petition fees are believed due. However, the Commissioner is hereby authorized to charge any fees which may be required or credit any overpayment to deposit account #19-0761.

Respectfully submitted:

**DECLARATION OF LYNDA DAVIS IN SUPPORT OF A RENEWED PETITION  
FOR REVIVAL OF APPLICATION ABANDONED UNAVOIDABLY PURSUANT TO  
37 CFR § 1.137(a)**

I, Lynda Davis, hereby declare as follows:

1. I am currently the Senior Intellectual Property Administrator for Scientific-Atlanta, Inc. I have held this position since January, 1996.
2. The procedures for handling formal papers received from the U.S. Patent and Trademark Office (USPTO) is as follows:
  - (a) Mail received from the Patent and Trademark Office is opened and date stamped to reflect the date received.
  - (b) A record of every document received from the Patent and Trademark Office is entered into our docketing system.
3. I attest that the Notice of Non-Complaint Amendment (hereinafter the "Notice") was not received.
4. I attest that I have personally searched the file jacket which is void of any Notice mailed by the USPTO.
5. I attest that a search of the docket records indicates the Notice was not received.
6. A copy of docket records where the Notice would have been entered had it been received is attached evidencing that the Notice was not in fact received. The attached docket records include all pending entries back to January 1, 2003 up to September 11, 2006. I have made a complete search through these docket records and there is one entry on page 22 of the docket for the present matter showing that a Petition to Revive needs to be prepared and filed. Moreover, I also was not able to find an indication that the Notice was incorrectly docketed to a different matter number. Therefore, it is my belief that such a Notice was not received.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
